

the Omaha school was that they felt that they did not have the money to ensure that the 15% of the students in the Omaha School District would take a Driver Training Course. They don't have the cars so when this bill comes up for discussion I want you to be ready for it because I will present the bill as I promised Senator Swigart that I would. So I would ask that we bypass the bill.

PRESIDENT: Alright, the chair also strongly suggests that you visit with the Speaker about this matter as to whether or not the bill can even retain its priority position. Secondly, there is serious question as to whether or not we even have a bill because under the law, all bills must be sponsored by a member of the Legislature and you would almost have to put your name on it to qualify for that, Senator Kremer. So in any event I think the proper solution would be for you to visit with the Speaker when he returns. With that I think we'll just...oh, there are? Okay. Alright, well we better, then Senator Kremer, do you want to just pass over this? All right.

SENATOR KREMER: Mr. Chairman, may I ask that my name be added to the bill for this purpose...

PRESIDENT: Yes, I was in error.

SENATOR KREMER: ...and I'll check on that too.

PRESIDENT: I was in error. There are other names so that is sufficient. But, I think that we had better pass over this bill until you have a chance to visit with the Speaker as to exactly how to handle this and other bills of Senator Swigart's. I apologize to Senator Lamb, I passed over 394 and we take that up now.

CLERK: Mr. President, on LB 394, it was introduced by Senator Lamb. It was first read on January 24, 1977, referred to the Revenue Committee. It was advanced to General File with the committee amendments and those committee amendments are now pending before the Legislature.

PRESIDENT: At least for a few days we're going to read the title of these bills even though they've been read last year because I'm sure there's enough confusion without adding to it. Would you please read the title and then we'll ask Senator Keyes to address himself to the committee amendments.

CLERK: Read title to LB 394.

PRESIDENT: Senator Keyes.

SENATOR KEYES: Mr. Speaker, the only thing that the Revenue Committee did was to make certain that those cities in the state of Nebraska that had already imposed the sales tax would not have to have an election to verify that that tax was legal and I see the date on that is 1977 and I don't think there is any cities that have come on since a year ago but perhaps we should change that date to 1978 and I'll have the proper amendment up there to do it. Now this amendment, or what we have put on the bill is simply to protect the 4 cities that now have a sales tax so that they
